The first Friday of every month the Spirit Room brings you "Movies with Spirit," a program that aims to enrich our lives by viewing movies we might not usually come across in ordinary cinema. This month we feature three documentaries in the spirit of back-to-school. Come when you can, leave when you must, or stay for all three films. Bring a dish or snack to share, if you like. The Spirit Room has full kitchen facilities. Seating is high-backed chairs and floor cushions. Informal atmosphere. See you at the movies!
